PROJECTS

Hush - <https://dry-bastion-95482.herokuapp.com/>

- Collaboratively created full-stack web application for presentation to 35 peers
- Back-End Development using Node.js, Express, Passport.js with bcrypt, RESTful Api procedures displayed to front-end using Handlebars.js

ClickEach() - <https://candiceschramm.github.io/clickEach/>

- Designed and built React application as an interactive memory game
- Utilized React State, Lifecycle, Props, and JavaScript to track current and high scores and shuffling board between clicks

PROFESSIONAL EXPERIENCE

Senior Mortgage Loan Processor

ClearPath Mortgage Solutions

July 2017 - Current

Worked directly with AVP and VP to process mortgage loan applications for submission to multiple brokers. Created clear and concise training material on all mortgage processing tasks utilized for Jr. Processors to utilize while processing alongside the team and myself.

Member Experience Loan Agent

Mountain America Credit Union

May 2016 - October 2018

Team Lead for Assistant Manager to train and coach all team members. Originated and processed applications for consumer loans such as auto loans, home equity loans and lines of credit, signature loans, credit cards, and modifications for existing loans. Received commendations for organizational and efficiency skills and handled escalated issues with Credit Union members.

Mortgage Loan Processor

SecurityNational Mortgage Company

May 2014 - May 2016

Processed large pipeline of 20+ mortgage loan applications, making sure to meet all deadlines. Handled mortgage loan applications for 15 Loan Officers, including Branch Managers and top-producing loan officers.
